

William S. Hart

Union High School District

To: Whom it may concern:

This recommendation is in support of Janel Richardson. I have known Janel for about four years. I am a teacher at Hart High School as well as the Cheer Advisor. Janel and her daughter joined the cheer program four years ago and from the first day, Janel stood out as a person who would always help, support, and be a positive influence for both the girls and parents. She jumped right in as a team parent and quickly moved up the ladder and onto the Cheer Executive board where she has been the President for the past two years. She has a calm yet firm demeanor and is able to work with many different types and temperaments of people.

Janel would be an excellent teacher. She has amazing time management skills, an abundance of patience with children and adults, as well as a desire to teach children.

I cannot recommend Janel highly enough for a position as an educator.

Thank you,
Lisa Parra
